ABOUT US

SAFARI ALLOYS LLP Is A New Born Star In North West India Situated Near Himmatnagar. In The State Of Gujarat Aluminium Extrusions Are Ubiquitous And Essential For Human Progress And Keeping This In Mind, We Safari Tiles Have Started A New Division Called Safari Aluminium And The Facility Is Spread Over 10 Acres Land As Our Business Mantra Is Diversification And Cater To Various Sections Of People. Now In Aluminium Sections & Profiles To Cater To Various Categories Of Industries, Boards & Various People. Safari Aluminium One Of The Primary Producer Of The Aluminium Extrusions In India, Having World's Best Class Aluminium Extrusion Manufacturing Plant. We Are Committed To Quality And Continuously Strive For Customer Satisfaction. We Have Started "aluminium Sections" Manufacturing In The Year 2022 With One Extrusion Press With 1000mt Capacity. Safari Is A Certified Company With A Wide Range Of Products Equipped With Modern Industrial Equipment's To Accomplish High Quality Products, Catering To The Needs Of Customers. Foreseeing The Vital Role That Aluminium Would Play In The Future, We Invested In Technology And Quality Assurance, Working Towards A Position Of Undisputed Leadership In Aluminium Extrusion. Our "safari Aluminum" Facility Is Making Premium Products Of Door & Window Sections With High Precision And Performance. Our Passion Is Continuous Improvement With Outstanding Performance In Every Profiles We Supply To Our Customers And Maximum Full Benefits To Them And Win Their Satisfaction And Accolades.as Our Products Win The Hearts Of Our Esteemed Clientele, We Are Expanding Our Capacity Up To-6000 Mt/annum By Adding Another 700mts/1000mts/1600mts Capacity Extrusion Press. With Its Technology And Manufacturing Skills, Safari Is Ready To Make Quality Aluminium Shapes Of All Sizes. Our Customers Canbe Assured That They Will Receive A Quality Product. Safari Aluminium Will Meet All The Specific Requirements Of Our Customers And Deliver Outstanding Quality Products With Reasonable Rates.

General Information

The Sections Shown In This Catalogue Are Regular Profiles For Which Dies Are Available With Us On The Date Of Publication And Are Available To Customers Without Die Charges. Apart From Those Covered Here, New Dies Are Being Continuously Developed And Added Regularly. If The Particular Section, Required By You, Is Not Shown In The Catalogue, Please Write Us To Meet Your Specific Needs. To Avoid Confusion And Delay In The Processing Of Enquiries And Execution Of Orders, Correct And Detailed Information About The Desired Sections Is Required.

The Information Available In This Catalogue Is Indicative. For E.g. Nominal Weight May Vary Depending Upon Condition Of Die During Extrusion.

All The Standards Sections Given In The Catalogue Are Generally Available In Alloy 63400 & Temper Wp (he9wp) Corresponding To Is-733 & Is-1285. Extrusions In Alloys Other Than These Would Subject To Special Enquiry.

Vision & Mission

Our vision is to continuously satisfy the customer's requirements and deliver best quality aluminium products to the needy customers in a Quick Succession. With Technologies, Intelligence, and Man power skill to become pioneer supplier and solution provider for quality aluminium extrusion products across Pan India and global markets by 2025, through sustainable industrial
